

RDX-550D SLR HOUSING
Available July Pre-order now!

SEA&SEA announces it's newest SLR housing, the RDX-550D, for the popular Canon Rebel 500D/T1i and Rebel 550D/T2i DSLR cameras.

The RDX-550D is set for release in July and is part of SEA&SEA's line of polycarbonate housings that blend technology and economy.

The RDX-550D will be available as housing only, part # SS-06153 and as a package with the RDX standard flat port, part #SS-06630A.

The RDX series accepts SEA&SEA's NX, CX and RDX ports systems allowing use of a variety of popular lenses along with TTL and Fiber-Optic Slave lighting options and SLR accessories.

SS-06153
HOUSING ONLY

SS-06630A
HOUSING + PORT PACKAGE

Housing Features:

- Most camera functions are accessible and can be operated underwater with ease
